

# The Port Arthur News

VOL. XXII. NO. 52.

PORT ARTHUR, TEXAS, THURSDAY, FEBRUARY 22, 1923.

## MAYFIELD'S SEAT IN U. S. SENATE UNDER FIRE

### SHORT STORIES

Facts With Frills, Facetious and Otherwise.  
By "S. S."

Low-down on the gas situation expected soon.

**DAILY SHIP SCORE:** In Port Arthur, 9; at Beaumont, 2.

George T. Craig, Jr., V. P., calling on friends about town today in observance of George's birthday.

Mayor Logan tried his hand at dodging traffic markers in the South End's narrow cow-trails today.

The curfew shall not ring for a few nights. That's one thing Chief Ward has to be thankful for.

Notarians'll hot shot each other in their given name familiarity at Serech and Holler's celebration, Plaza, tonight.

Little Roy, Maxie McDonald, son of Mr. and Mrs. J. H. McDonald of 816 Sixth street, is recovering after a three weeks' illness.

Henry Maitre is understood to be plotting with Jack the Tipper to remove the panels and letting effect in Sam Nick's latest spring coat.

**SIGHS S. S. SEES:** Sam Sachs entered Kibbe's store, a man called for and consumed a pickled banana cake, butter and coffee. When he had finished he called for a ham sandwich.

Judge C. N. Ellis missed a street today while listening in on the sessions of the Austin-Proctor corner club. "Twenty minutes' delay," growled his honor, as the car moved off.

Johnnie Johnson was out of the city for less than an hour today. "Where'd he go?" S. S. asked. "Last left for Beaumont but he'll be back in a few minutes," S. S. was told.

W. A. Morrissey, of New York City, head of the tank steamer department of the U. S. shipping board, leaves for Port Arthur today. He is on a tour of inspection of the terminals of the Texas and Gulf companies and the docks here today.

Morrissey came to Port Arthur today with G. J. Santa Cruz, of New Orleans, in charge of the Gulf district of the shipping board, and B. E. Weems, of Galveston, district shipping agent. Both of these shipping board officials have been in Port Arthur before, but Morrissey said this was his first visit to Port Arthur.

While in the city, the shipping board officials were shown around the waterfront and the city by P. E. Pfeiffer, contracting assistant, handling the stevedoring work for shipping board vessels making Sabine district ports; Tom Cornick, superintendent of the marine department of the Texas Company; and Sydney C. Collins, steamship agent.

No special significance is attached to their visit to Port Arthur, the shipping board officials said, but it is only a periodic trip of inspection.

**WHISKERS FAIL TO VEIL SOGGY NEGRO**  
ORANGE, Feb. 22.—Get shut up dem gold teeth and grow you some whiskers.

Ivey Manual, negro, got this message from his wife after he broke jail here.

Ivey took the advice seriously and had an amateur extract the golden-teeth and allowed his face to be covered with a heavy beard.

But all of the pain he had gone through to "get shut up dem teeth" availed him naught. He was caught while boarding a freight train and later identified. The negro was being held on a charge of burglary.

**UNSETTLED**  
LOCAL FORECAST: Tonight and Friday unsettled, probably occasional rains; colder tonight.

For East Texas: Tonight and Friday unsettled, probably occasional rains; colder tonight.

Winds on Texas Coast: Fresh north-easterly.

Maximum temperature, 69; minimum temperature, 61; precipitation, Trace.

Year ago today—Maximum temperature, 74; minimum temperature, 61.

**TIDE RECORD**  
Time of high and low water at Sabine Pass Light under normal conditions on Friday, Feb. 22, taken from tables prepared by the U. S. Geodetic Survey:

High tides ... 9:31 a. m. 4:48 p. m.  
Low tides ... 2:59 a. m. 1:39 p. m.

### BONAR LAW SEES ANGLO-US UNION

But Criticizes America For Part In Peace Pact

EULOGIZES WILSON

Regrets Woodrow Did Not Represent U. S. At Paris

LONDON, Feb. 22.—"It is not much to hope that an union of the English speaking classes will soon come, premier Bonar Law declared today in an address at a Washington's birthday luncheon.

"If America had played her part in the peace settlement as she did in the war, the condition of the world now would be much better than it is," he said.

He paid tribute to the work of America in the war and also to Woodrow Wilson's part in it.

He regretted that it developed later that Wilson did not represent his people at the peace conference and that his efforts were rejected.

Bonar Law said the withdrawal of the United States from the peace settlement had an "inevitable effect," adding:

"If America had played her part in the peace settlement as she did in the war, the world would be in a much better position today."

U. S. "Isolation" Policy  
He said he believed that the truth of this fact was entering into the minds of the American people and that he believed "has entered into the minds of the American government and when opportunity offers that government will no longer stand aloof from the troubles of the old world."

Praising the work of the late Ambassador Page, he recalled that Page had looked forward to a union of the English speaking peoples, a "union of both nations and thoughts."

"It is not too much to hope that union will soon come," he said.

Reverting to the war Bonar Law said that America's entry had a great effect, "perhaps a decisive effect."

Major J. J. Astor, president, declared British-American friendship today is "the most stable factor in an unstable world."

### SHIPPING BOARD MAN ASTOUNDED

Finds Pt. Arthur Something To Brag About

"I came to Port Arthur expecting to see a few oil well derricks, a tank farm and two and a little town, and what I have seen has more than surprised me."

This was the statement of W. A. Morrissey, of New York City, head of the tank steamer department of the U. S. shipping board, after going on a tour of inspection of the terminals of the Texas and Gulf companies and the docks here today.

Morrissey came to Port Arthur today with G. J. Santa Cruz, of New Orleans, in charge of the Gulf district of the shipping board, and B. E. Weems, of Galveston, district shipping agent. Both of these shipping board officials have been in Port Arthur before, but Morrissey said this was his first visit to Port Arthur.

While in the city, the shipping board officials were shown around the waterfront and the city by P. E. Pfeiffer, contracting assistant, handling the stevedoring work for shipping board vessels making Sabine district ports; Tom Cornick, superintendent of the marine department of the Texas Company; and Sydney C. Collins, steamship agent.

No special significance is attached to their visit to Port Arthur, the shipping board officials said, but it is only a periodic trip of inspection.

**25 Billions in Taxes Paid in Six Years**  
WASHINGTON, Feb. 22.—American taxpayers poured nearly \$25,000,000,000 into the treasury in the last six years and seven months.

This was shown in the report of the house appropriations committee, explaining the need for an appropriation of \$78,000,000 to pay erroneously collected taxes.

**Mrs. John A. Logan Dies**  
WASHINGTON, Feb. 22.—Mrs. John A. Logan, 87, widow of General Logan, of civil war fame, died here today from pneumonia.

Mrs. Logan had been ill for several weeks. The body will be buried here beside that of the General.

**EX-RANGER DIES**  
SAN ANTONIO, Feb. 22.—Nicolas Peters, 77 years old, a pioneer Texan and a former state ranger, died at his home here yesterday.

### \$209,000 Looted From Bank Coopers

### George Washington Warns Flappers They'll Die Old Maids

George Washington

COUNT VERNON, Va., Feb. 22.—George Washington was interviewed today on many subjects ranging from flappers to the League of Nations.

"What do you think will become of the flapper?" he was asked, on 419, the one hundred and ninety-first anniversary of his birth.

"It would be a great departure from the truth," he answered, "to say that it rarely happens otherwise than that a thoroughly educated girl dies in celibacy, as a punishment for her attempts to mislead others by encouraging looks, words or actions given for no other purpose than to draw men on to make overtures." (Letter to Eleanor Parke Custis, Jan. 16, 1793.)

"But why should a flapper die a spinster?" he was pressed. "Why shouldn't she propose?"

"The declaration (of love), without the most indirect invitation of yours (the girl's), must proceed from the man, to render it permanent and valuable," he insisted. (Same letter as above.)

"But suppose a girl is tremendously in love and the man seems slow to—"

"The general interrupted impatiently. "Love is said to be an involuntary passion," he said, "and it is, therefore, contended that it cannot be resisted. This is true in part only: Love may, and therefore ought, to be under the guidance of reason." (Same letter as above.)

"Do you advise early marriage for flappers?"

"Youth, inexperience and unripe education," he replied, thoughtfully, "are and will be insuperable obstacles, in my opinion, to marriage." (Letter to Benedict Calvert, April 3, 1793.)

"Still sticking to flapperism, what do you think of bobbed hair and short skirts?" the interviewer pressed.

His gesture indicated his opposition.

"And Mrs. Washington's wishes coincide with my own," he said, "as to simplicity of dress and everything which can tend to suppress the most effective means of preserving peace. A free people ought not only to be armed, but disciplined." (Speech to Congress, Jan. 8, 1794.)

"What about bootlegging?"

He referred to his use of the army in 1794 to put down the Whisky Rebellion, and added: "The laws are to be so trampled upon with impunity, and a minority is to dictate to the majority, there's an end put to republican government." (Letter to Charles M. Thurston, Aug. 10, 1794.)

Washington admitted liking a glass of beer or Madeira wine, but "Rum," he declared, "is the bane of morals and the parent of idleness." (Letter to Count de Montier, Dec. 15, 1788.)

"General, do you believe in the League of Nations?"

"The great rule of conduct for us in regard to foreign nations is, in extending our commercial relations, to have with them as little political connection as possible." (Farewell address, Sept. 17, 1796.)

"About world disarmament—" it was suggested.

"To be prepared for war," he said, "is one of the most effective means of preserving peace. A free people ought not only to be armed, but disciplined." (Speech to Congress, Jan. 8, 1794.)

Washington admitted liking a glass of beer or Madeira wine, but "Rum," he declared, "is the bane of morals and the parent of idleness." (Letter to Count de Montier, Dec. 15, 1788.)

## TAMPICO TRADE BEGINS TO BOOM

Galveston Man Reports Activity at Port

GALVESTON, Feb. 22.—Business and conditions in Tampico are at present undergoing what seems to be a sporadic or temporary boom, due to unusual activity in the oil fields. It was reported yesterday by J. C. Grant, mining surveyor, who has returned from viewing the famed tanker San Leonardo, now at that port.

Things are "looking up" and there was much activity at the Mexican port, Mr. Grant reported. He said that he had been told that several good producing wells had come in recently and that there was a rush of tankers to carry it away from the oil terminals. Prior to this there had been a general dropping off in Mexican production, that having been ascribed to salt water in the wells. He said that the present activity was not regarded as permanent.

**Oil Men Leaving**

Many oil men are leaving Tampico he declared, heading for the new field recently opened in Venezuela, where a discovery well of 30,000 barrels flow was reported in by an American company.

This new field, he declared, is attracting many prospectors and will mean and intense development there, he said. The field, however, is located in swampy country, where fever makes the lives of workmen unsafe and considerable trouble is anticipated in maintaining labor there.

**Vessel Burns**

Damage to the San Leonardo, a vessel under the Mexican flag, but British owned, he said, will cost between \$250,000 and \$300,000. This vessel was burned while lying at a dock near Tampico, when gasoline, floating on the river from nearby tanks, exploded killing twelve men. Her entire superstructure was destroyed, he reported. Mr. Grant told the vessel played in condition to be towed to a Gulf port, but she will remain at Tampico, pending decision by her owners as to the extent of repair.

Intensely cold weather, which has been experienced in Tampico in years—was reported by Mr. Grant to have been felt there on Feb. 7 and 8.

## Alice Robertson to Be Accompanied Back Home With Bull Dog

WASHINGTON, Feb. 22.—When Miss Alice Robertson, "lame duck" member of congress from Oklahoma, goes back to Muskogee at the end of her term, March 4, she will not have a husband to protect her, but she will have a brindle bulldog that "is able and willing to whip any man or beast in the country."

Dr. William S. Lee of Coconino, Ohio, has written to Representative John C. Cooper of Youngstown that he is ready to present the congresswoman with a dog, a year and a half old. He saw an article in a newspaper that Miss Robertson was a dog and she is to have it. Mr. Cooper turned Dr. Lee's letter over to Miss Robertson, and she said she would write the Coconino man to send her gift to her home in Muskogee.

"I have written down home to have my garden plowed and planted by the time I get there," said Miss Robertson. "I did say when I came to congress to help make the law of the nation that I would never milk again, but it looks now as though I would. I am going to buy a cow after I get home. The restaurant I used to run is gone. I sold that at a loss, because I had to get rid of it during the after war depression, but I'll be glad to get back home."

## She's 106 But Hopes To Soon Be Wearing Fourth Wedding Ring

PHILADELPHIA, Feb. 22.—Though 106—the oldest woman in Philadelphia—Mrs. Susanne Williams hopes to wear out her third wedding ring.

In the course of her long life two wedding rings, worn thin and broken in half and the third gold band is disintegrating as well.

Dropped up in bed by pillows at the home of her son, James Williams, St. James terrace, she rests quietly, day by day.

"I can't read any more," she said, "but until I fell and injured my leg I never even wore glasses."

Like many old folks, Mrs. Williams always has been fond of books and until 106 had read "stock market" reports and novels with interest, although the Bible is her favorite book.

## BARRYMORES MEET AS DIVORCE IS TALKED

PARIS, Feb. 22.—John Barrymore met her husband half way, coming from Biarritz to Cherbourg to meet him when the Olympic docked. They came to Paris together, as well.

Recent rumors of a divorce made their meeting seem like a reconciliation—particularly as the actor ended his run of Hamlet to come to France, explaining that he wished to be with his wife. After landing, he announced they would travel together to Morocco and other sunny spots.

At the Hotel Crillon, no information was obtainable from the Barrymores directly, but Mrs. Barrymore instructed her maid over the telephone in a voice that rang triumphantly "to say that Mr. and Mrs. Barrymore have not yet made any plans and are much too busy preparing for dinner to talk to anyone."

## HOUSTON SEEKS WORLD ADMEN'S CONVENTION

HOUSTON, Texas, Feb. 22.—Plans to have Houston selected as the site for the 1924 convention of the Associated Advertising Clubs of the World, have been drawn up by the Houston Advertising association.

## Winnipeg's Most Beautiful

Muriel Harper has been selected by a group of judges as the most beautiful girl in Winnipeg. And now, bearing the title of "Miss Winnipeg" she is representing her city at the Winter Sports Carnival in lower Canada.

## THEATRES

**THURSDAY**

Strand: Musical farce, "A Pair of Kids"; and picture, "Sherlock Holmes".

Peoples: Mary Pickford starring in "Tess of the Storm Country".

Liberty: "Night Life in Hollywood".

Liberty: Herbert Rawlinson featured in "The Scarlet Car".

Green Tree: "All for a Woman".

Strand: Tuesday, Feb. 27: Neil O'Brien's Minstrels.

**FRIDAY**

Strand: Musical farce, "A Pair of Kids"; and Bert Lytell in "Sherlock Holmes".

Peoples: Mary Pickford in "Tess of the Storm Country".

Liberty: "The Hidden Law" starring William Clifford.

Peoples: Tom Mix in "Catch My Smoke".

Green Tree: Pathé playlet and Pearl White in "Blunder".

**NEIL O'BRIEN'S MINSTRELS**

The Neil O'Brien Minstrels, who have played engagements in this city as a duo between their beatman and Neil O'Brien, are here for a number of years, will again be here at the Strand theater Tuesday night, February 27.

O'Brien who is considered to be the leader in the art of putting a minstrel show together, promises many novelties for the coming season, including an entirely new scenic production and a wardrobe unequalled in past performances.

They will be new to the smallest detail, advance notices say.

## ARMY AIRMAN FREED OF AIR BOOZE HAUL

SAN ANTONIO, Feb. 22.—Lawyer Leland S. Andrews was found out today on all specifications and charges against him on charges growing out of his alleged transportation of liquor in an army airplane, last October, by a special court martial yesterday.

Locomotives consume as high as four pounds of coal per horsepower. Any kind of wood kept perfectly dry, will not rot.

## LIBEL JALISCO

Ship Chandler Claims \$1800 Bill Unpaid

BEAUMONT, Feb. 22.—John Abner, deputy United States marshal, would never make a match for Jack Dempsey, but the diminutive federal officer last night signed himself a huge lawsuit, the Jalisco.

Abner took charge of the boat following filing of a suit by O. R. Seagraves vs. Campania Naviera Mexicana, S. A., and the steamer Jalisco. The libellant is a steamship agent and claims the concern and the Jalisco is indebted to him to the extent of \$1800 for supplies furnished. The ship will be released with the furnishing of bond double the amount of damages asked.

## Stokes Must Spend Fortune Again to Open Up His Divorce Case

NEW YORK, Feb. 22.—William E. D. Stokes learned that it is going to cost him \$40,000 more in counsel fees and expenses for his wife's attorney and \$12,000 a year more in temporary alimony to reopen his divorce suit against Mrs. Helen Edith Stokes. The total he has already spent, Justice Gray said, already amounts to several hundred thousand dollars.

On the first trial of her husband's suit, Mrs. Stokes was allowed \$22,000 for counsel fees and expenses and alimony of \$18,000 a year. Her attorney declared \$18,000 was not enough to keep Mrs. Stokes out of debt and said the expense of defending a second trial would be much more than the first, which resulted in victory for Mrs. Stokes.

Justice Gray Saturday awarded \$20,000 a year alimony, \$30,000 counsel fees and \$10,000 expenses.

## FORESEES EARLY DEATH OF LENIN

Then Bolshevism Will Take Tumble, Says Tolstoy

SAN FRANCISCO, Feb. 22.—"There will be two important deaths in Russia comparatively soon," according to Count Ilya Tolstoy, who was in San Francisco for a lecture today. "One of these is Bolshevism, while the other is Lenin."

"Bolshevism will not exist after Lenin is gone," believes the noted Russian, "and his health is failing rapidly—softening of the brain, physicians declare."

"I don't know what will happen here. Some say a revolution. Others think there will be a gradual readjustment. It is a question I cannot answer."

"Comparative statistics show that only a small percentage of products formerly produced are being grown now. Peasants have no desire to take from the soil more than the most meagre existence. If they do, the reds come and take it away from them."

## SCIENTISTS GET FIRST VIEW OF ELECTRON

NEW YORK, Feb. 22.—Electrons, the ultimate division of matter, so far as known, were rushed through a tube at a speed of 62,000 miles a second and were made visible through an oscillograph in demonstration before the convention of the American Institute of Electrical Engineers here. The electrical scientists had their first actual view of electrons with which they have long dealt.

The oscillograph is a glass bulb containing a tube similar to the radio vacuum tube, from the last filament of which electrons were pulled off. A thin glass pipe caught some of the electrons and projected them on a small chemically prepared screen within the bulb, where the electrons appeared as dancing specks of light. They were moved, as a boy might play a stream of water against a wall, either by the magnetic effect of a current passed through a coil outside or by the electric effect of a voltage applied between pairs of plates within the bulb.

J. B. Johnson of the Western Electric Co. invented the tube which adapts the principle of a German scientist, Prof. Braun, developed 30 years ago. The commercial value of the oscillograph lies in exploring electric currents and detecting trouble.

## KNICKER PROBLEM UP

MONTREAL, Feb. 22.—The prevalence of knickers at the winter sports here has raised the question as to whether femininity of the future is to be skirted or skintight? Montreal's style experts are at odds over the question.

"The Canadian women will never take up the style to the extent that their American sisters have," said the buyer for the largest department store in Canada. "They may wear them for skiing and perhaps a little for skating, but I doubt if they ever would be popular for golf or riding—and certainly never for street or office wear."

The knicker question is being taken seriously. Three large Montreal firms have issued a warning edict to their girl employees, pointing out that holding their jobs would be preferable to wearing knickers. About 1,200 girls are employed by the three organizations.

## Rice Future Market Backed by Miller

GALVESTON, Texas, Feb. 22.—The New Orleans Sugar Exchange has extended the use of its facilities for trading in futures. It was stated by P. H. Wilson of the Sea-board Rice Milling company, upon his return from New Orleans, where he attended a meeting of rice merchants for the purpose of considering the establishment of a rice future market.

"Details of the matter have been left up to a committee consisting of rice millers, planters, brokers and farmers," Mr. Wilson stated, "and a report is to be made to the executive committee of the Rice Millers' association in thirty days." If established, this market will be of much interest and the New Orleans meeting at which preliminary plans were made was attended by rice men from Texas, Louisiana and Arkansas. At the present time all rice is sold on a spot basis, whereas in the case of cotton, grain and other commodities sales are made on a basis of future delivery as well as spots. It is believed that such a market would be of much benefit to rice industry."

## Seaman Shot on Ship Seeks \$25,000 Damage

Special to The News.

BEAUMONT, Feb. 22.—Alleging that he had been wounded in his left leg by a pistol shot, struck behind the head with a piece of iron and that these injuries destroyed his capacity for work, George Payne yesterday filed suit for \$25,000 against the Gulf Refining company.

Payne claims in his petition that the injuries were received while he was employed aboard the steamer J. M. Gaffey as second cook. He alleges the first mate fired the shot.

## SHEIKH ON SERVANT

WEST WHEATLEY, L. I., Feb. 22.—Rodolph Valentino, whose love methods have captured the hearts of movie-going flappers, formerly was just an ordinary house servant, according to the gardener, superintendent and kitchen maids on the country estate here of Cornelius N. Bliss, Jr. Harry Stanton, superintendent of the estate, says of the movie idol's record as a servant: "All of us know the story. He was just one of the help here. What he was told to do he did. The maids didn't like him. He was very arrogant. Then he had some sort of difficulty and left."

## SUGAR FIRES COSTLY

HAVANA, Cuba, Feb. 22.—A report from Santiago says sugar cane fires have occurred with alarming frequency in the Oriente province and that as a result it will be a short season for many of the smaller mills which ordinarily have an abundance of cane. The record cane losses of last year are being exceeded this year. High winds, which have been prevailing, spread the flames and make it almost impossible to fight them.

## COP IS CHARGED AS BEING MOONSHINER

BELOIT, Wis., Feb. 22.—Sensational charges of liquor were made against Walter Lovelace, member of the Beloit police force for a number of years. The charges were made by Steve Marinoff, when he was arrested on charges of peddling moonshine. Marinoff declared five gallons of moonshine seized and one gallon taken from his home a week ago had been purchased from Lovelace.

## NURSE ASKS \$25,000 FOR STOLEN KISS

CHICAGO, Feb. 22.—For the second time Miss Mithilde Bonhardt today appeared to twelve jurors to give her \$25,000 for a kiss. Miss Bonhardt alleged the kiss was forcibly administered to her by Dr. Justine L. Mitchell, in the nurses' office of the German Deaconess Hospital, where she was nurse, on April 24, 1919. She said that because of events which followed the kiss she was discharged from the hospital without just cause and seeks \$25,000 damages.

Four per cent of all babies, or 105,000 a year, die in the first month.

Best substitute for turpentine is resin spirit.

## TEXAS DRUGGIST REGAINS HEALTH

"I Have Gained 24 Pounds of Firm Flesh and Feel Like New Man."

If you are one of the many weak and weary, underweight, nervous, run down folks who are half sick and half well you can profit by the remarkable experience of this prominent Texas druggist.

Mr. Ed Waller proprietor of Waller's Drug Store, Hubbard, Texas, says: "Like most folks who work indoors and do not get enough exercise, my muscles became flabby, had no appetite and had that 'tired out' feeling with me constantly. Six months ago I began taking Ironized Yeast. At that time I weighed 130 pounds. Today I tip the scales at 154, have a fine appetite, my muscles are as hard as a tool dresser's and I have that 'rearing to go' feeling all the time."

This is probably the finest endorsement any product could have. A druggist knows. With all the preparations in his store to choose from, Mr. Waller found Ironized Yeast the best. Your own druggist will tell you the same thing. Because Ironized Yeast is a scientific product of concentrated brewer's yeast in union with the kind of iron doctors use to enrich the blood. The vitamins of the brewer's yeast will nourish your shrunken tissues, filling in hollows and seaway places with firm flesh. Your blood will take on new strength and soon your whole body will tingle with the glow of perfect health.

Ironized Yeast is positively guaranteed to give satisfactory results or your money refunded. A ten-day treatment costs only a dollar; it means the difference between fine health and your present half-sick condition. Get it today. Ironized Yeast Company, Atlanta, Ga.

Recommended and guaranteed by Corner Drug Store, adv.

## BIG TIM MURPHY OVERDUE AT PEN

Bondholders May Have to Forfeit \$180,000

CHICAGO, Feb. 22.—Bondholders, who pledged \$180,000 for the temporary freedom of "Big Tim" Murphy, grew uneasy today as the Chicago labor leader was 24 hours overdue at Leavenworth penitentiary.

Murphy, under sentence to serve four years for conspiracy in the Dearborn station mail robbery, was sought by the entire force of deputy United States marshals throughout the night. He could not be located in his old haunts "back of the yards," or in his new gold coast apartment home.

The time allowed Murphy to perfect an appeal expired yesterday morning and the supreme court had not decided whether it will hear the case before Friday. In the meantime United States Marshal Levy ordered Murphy to jail. Bondsmen were informed that unless the prisoner was produced within a reasonable period their securities would be forfeited.

Murphy's wife, attorneys and pals were busy regarding his whereabouts.

## Girl Sued for Walking In Front of an Auto

LOS ANGELES, Feb. 22.—Whether a pretty girl, who lifts her skirts across a muddy street can be sued for damages for the resulting accident will be decided by Justice Chas. S. Foster here.

Helen Holt, minor actress in the movies, the girl in question, is co-defendant in a damage suit filed by the Hollywood dye works on the grounds she "walked carelessly in front of an automobile."

## Not One Ticket Sold By Station in 4 Years

SYRACUSE, N. Y., Feb. 22.—A railroad station where no ticket has been sold in the last four years. That's the record of the Wampsville, Madison county, depot of the New York Central, and the railroad has moved for its abandonment before the public service commission.

# THE NEWS' SOCIAL AND HOUSEHOLD PAGE

## FANCY BRIDGES BY-GONE YEARS TO DAYS OF WASHINGTON AS PORT ARTHUR SOCIETY OBSERVES BIRTH

TODAY, the anniversary of the immortal George Washington, in fancy turns one's mind to days of old when colonial gals and charming colonial ladies stepped fancifully in the Virginia reel, the dainty minuet, and to tunes played by a fiddler of yore old time, and to the quaint costumes of our great-grandmothers. Port Arthur hostesses and even guests have revived the colonial styles for just one week and are attending the week's entertainments in colonial costumes.

Many delightful affairs have already been given and others are scheduled to take place each remaining day of the week.

For the hostess who is entertaining and wishes something novel for her guests, it is suggested that a portrait-drawing studio be fitted up with old fashioned furnishings, making it look as quaint as possible, and have silhouette drawing the main feature of the evening.

Have above the door a sign printed in the spelling of long ago, saying that anyone who wishes their silhouette may have it made in a jiffy.

Have ready a quantity of large sheets of paper, black on one side and white on the other side, also white cardboard, fasten a sheet of paper to the wall, white side out, and place a lighted candle about three feet from the paper. Then the one having his picture made is seated between the candle and the wall, so that a strongly defined profile falls upon the paper. Trace the shadow with a steady hand, cut out, and then paste on the cardboard with the black side of the paper out.

For the refreshments, sandwiches, salad and cake with bon bon dishes of red, white and blue patties will make a delightful luncheon. When the refreshments are served the table will be very attractive if it is decorated with a low bouquet of red and white flowers, either carnations or roses, with streamers of blue ribbon running to each plate.

AN outstanding event of much interest and attractiveness on today's social calendar is the George Washington party this evening at the First Christian church at 7:30 o'clock, with members of the Beta Division as hostesses.

Dainty colonial ladies will receive the guests, and the following program will be given:

Phono solo, "Schlober in D Minor" (Chopin)—Mrs. Edward Jaschke.  
Vocal selection, "Wake Up Little Girl"—Miss Wood.

Phono number, "Caprice de Concerto, No. 1 (John B. Lewis)"—C. N. Her.  
Recitation "George Washington"—Miss Clara Johnson.

Vocal solo, "Still" Through—Mrs. J. E. Singletary.  
Violin solo, "The Flower Song" (Lange)—R. M. Johnston.

"Washington's Romance"—Dr. William DeGruy.  
Vocal number, "Bird Light and Dawn Song" (Oby Steake)—Mrs. J. L. Grammer.

Reading, "The Youngest in the Family"—Miss Dietz.  
Vocal selection, "Sing Me to Sleep"—Miss Blanche Mosser, with violin obligato by R. M. Johnston.

At the close of the program delicious refreshments will be served by adorable colonial ladies. The members of the church and the public is cordially invited to attend this entertainment.

ONE OF THE DELIGHTFUL entertainments of the week was the Valentine party Tuesday evening, given by the Senior League of the First Methodist church, South, at the Annex on Atlanta avenue.

As the guests entered the large assembly room of the Annex, they were greeted by the reception committee and ushered into the attractively decorated league room. A color scheme of red and white was carried out with long streamers and festoons of hearts in draped effect over wall spaces.

A splendid evening of amusement and entertainment, planned by Mrs. J. C. Bendixon, recreational and culture superintendent, was enjoyed by the young people. Cupid's cross questions and answers, derisive, grab bag and other entertaining games gave diversion, and in the baby man contest, Grady Odum came out with flying colors, with Mrs. Sterling running a close second and Mr. Hayes and Mr. Duggins close behind.

In one corner of the room was a well-regained over by the Queen of Hearts, who was dressed in a beautiful costume and crowned with royal hearts. The guests were requested to look into the well, where they found sealed envelopes, containing fortunes which were read aloud later. Hearts were drawn by the guests who in this

the arrival of a nine pound son in their home on Sunday.

MRS. JOHN IMHOFF OF 1117 Proctor street has as her guest her brother-in-law and sister, Mr. and Mrs. John Meyer of Spokane, Washington.

Mr. and Mrs. Meyer arrived in the city Saturday evening for a visit of indefinite length with Mrs. Imhoff. They have been making an extensive tour of the north. Following their visit here they will go to Graham, Texas, for a visit with their son.

THE AMERICAN LEGION AUXILIARY met in regular session Tuesday afternoon at the Legion club rooms, and at the business meeting the women voted to lend their assistance to the American Legion in bringing the Texas Legion to Port Arthur to give a concert in March.

Plans were discussed for setting aside occasions at regular dates for holding an initiation program and ceremony for new members. The auxiliary voted to sponsor a group of Camp Five girls the chairman for this group is to be selected later.

A CHARMING AFFAIR OF THE week's social calendar was Mrs. George Washington's bridge party, which was held at her home, 1051 Proctor street, yesterday afternoon. The presence of guests including members of the Wednesday Afternoon Bridge club.

Lovely red sweet peas, which were used with party effect in the rooms, the bridge table appointments, and the dainty salad served at the close of the games, all combined to feature the hostess of the day, George Washington's birthday.

Three tables of players enjoyed the games, following which Mrs. A. A. King received the first prize and the second round to Mrs. E. D. Barnard.

Players included Mrs. F. Edwards Taylor, Mrs. E. D. Barnard, Mrs. F. H. Hayes, Mrs. Thomas Culp, Mrs. J. D. Bryan, Mrs. J. M. Plover, Mrs. A. A. King, Mrs. A. H. Metz, Mrs. L. E. Dora, Mrs. Earl Mullen, Mrs. Harris, and Mrs. A. H. Barras. Mrs. Thomas Culp will entertain the club next week at Mrs. F. H. Hayes' home, 2120 Proctor street.

AMONG THE CLUB WOMEN of the city attending the Colonial Tea being given by the D. A. R. in Beaumont this afternoon, are: Mrs. McGraw, Mrs. J. M. Goodwin, Mrs. F. G. Betzel, and Mrs. Carl Zapp.

MRS. GEORGE E. CARTER'S charmingly arranged luncheon in compliment of Mrs. Pickett of Wisconsin and Mrs. Henry Crows of Arizona, the guests of the day, was given at her home, 2120 Proctor street.

The luncheon appointments on formed to the George Washington motif, with dainty sweet peas of the red, white and blue hues in a crystal basket resting on the center of the table. The salad, topped with miniature flags, held a suggestion of the approach of Washington's birthday, and the place-cards in the form of little red thatched were decorated with the state flower of each guest.

A tempting three course luncheon was served, following which dainty refreshments and social conversation gave diversion.

Covers were laid for eight guests, including among whom were the honor guests, Mrs. Pickett and Mrs. Crows, and Mrs. W. H. Avery, Mrs. C. V. Palmer, Mrs. C. P. Gunn, Mrs. C. A. McDonald, Mrs. J. M. Davis, and Mrs. A. F. Graham.

ON ACCOUNT OF THE illness of Mrs. A. L. Jimenez the meeting of the Wednesday Bridge club was postponed until next week. Mrs. W. C. McGraw will entertain the club next Wednesday afternoon at her home on DeQueen boulevard.

ONE OF THE PLEASING events of the week was held at the home of Mrs. G. W. Owen, 1821 Ninth street, on Wednesday evening, complimenting Mr. and Mrs. J. M. Keeton of Eagle Lake, Texas, who are visiting their daughter, Mrs. Glen Ellis of 2620 Twelfth street.

Mr. and Mrs. Keeton were formerly of Alton, and the guest list on this occasion were drawn from former residents of that city.

A most enjoyable evening was spent in social conversation and amusements. A tempting salad course was served.

Those enjoying the evening were Mr. and Mrs. J. M. Keeton, Mr. and Mrs. Glen Ellis, Mr. and Mrs. Frank Collier, George Collier, Mr. and Mrs. C. G. Winger, John Winger, W. J. Collier, Mr. and Mrs. J. E. Hunter, Mr. and Mrs. E. E. Hunter, Mrs. Irene Floyd of Galveston, Mr. and

## Early Blooming Spring Millinery Promises Flower Season in Hat

BY MARIAN HALE

The new spring hats, blossoming profusely in midwinter, are characterized by their infinite variety. To exploit any one shape or style above another is impossible, since big, little and medium-sized hats are all represented in the fashion pageant.

Their predominant trait is their simplicity—that is, simplicity of line. The favored type of adornment for the moment is the big ribbon or lace bow that may be placed directly in front, on either side in the back or under the brim. These bows, however, concealed a great deal of art in their folds. The tying of a smart bow is not for the novice.

Many hats are of straw or silk in soft shapes, entirely covered with embroidery in silk or wool. Flowers of crocheted wool and of leather or silk are effectively appuraged on crowns and brims.

This, evidently is to be a flower season. Many small cloche shapes have the brim composed of small flowers, while others decorate the crown profusely with petals and join it to a wide brim of silk or straw. Rosettes of silk or ribbon are a youthful form of trimming—so is the bandanna kerchief, tied loosely about the crown, with the ends tucked under or flowing off at the side.

Most of the small hats one sees are highly colored, almond and Nile green. Alice blue, orange and the light shades of brown and tan are exceedingly popular.

When the all-black hat is seen usually it is the large picture type, or a tailored affair, trimmed with a small ribbon bow or with feathers. Some of the most recent Paris importations are entirely untrammelled in style and chic lying in their lines.

The earliest hats are of combination fabric and straws. The felt hat, so popular during the winter, is also popular for spring.

Mrs. J. H. Frazier, Carson How, Mr. and Mrs. G. W. Owen, and Donald and Glen Owen.

THE NIPPERS' DANCE AT the Country Club Friday evening with fifty members of the Harbor Club as hosts promises to be one of the most delightful events of the week.

The guest list, which is being drawn from the younger society circles and younger married set, will also include a number of out-of-town guests.

MISS ODELL ROMERO'S entertainment at the B. R. B. Club last evening at her home on Seventh street was a charming affair.

Musical selections and dainty refreshments were enjoyed by the guests during the evening, following which a lovely fruit salad was served.

Those enjoying the pleasing hospitality were Miss Beulah Harris, Miss Anna Schlicher, Mrs. Lena Mounion, Miss Clemence Miguez, and Miss Odelle Romero.

Miss Beulah Harris will entertain the club next week at her home on Proctor street.

Merriman to Enter Senatorial Race in This District in 1924

Although the senatorial re-election law does not go into effect until the 1924 elections, Representative J. O. Merriman, of Port Neches, will seek the senatorial seat from this senatorial district, comprising Orange, Hardin, Jefferson and Liberty counties. Merriman's colleagues in the house of representatives said today.

Under the recently created senatorial district the district formerly embracing Jefferson county has been cut about one-half, and it is understood that Jefferson county voters are virtually half of the new district's voting strength.

The present senatorial district including Jefferson county is represented in the state senate by Senator W. R. Cousins, of Sabine county.

The coming season will see femininity wearing hats like these. At the upper left is shown an effective use of the bandanna drape. Upper right illustrates a becoming flower arrangement. At the center is a smart piece of millinery with the popular bow trimming. At the lower left is a silk hat with leather applique designs.

## Wheat, Rye and Eggs 30 Per Cent Higher in Berlin Than Chicago

BERLIN, Feb. 22.—Unusually price developments, with the cost of commodities and daily existence steadily mounting, although the exchange value of the mark and its foreign purchasing power have more than doubled in the last fortnight, have distracted the attention of Germans largely from the Ruhr troubles.

Heads of families and housewives are beginning to make embarrassing demands upon the authorities and retailers for explanation as to why prices are from 25 to 30 per cent higher than at the end of January, although the exchange value of the mark is approximately two and one-half times higher.

German prices, in many cases, now are higher than American. Wheat, rye and eggs are 25 to 30 per cent higher in Berlin than in Chicago. The indispensable staple of beer has more than doubled in price, while lamb chops, costing 20 cents in gold, have become an unobtainable luxury for the average German.

The Communist organ, The Red Flag, attributes the improvement in the mark to the unholy conspiracy between the government and the Harman National bank, which, it declares, provided Germany with an American loan of \$100,000,000 paid

in French francs, the dumping of which was responsible for the contrary movements of the mark and the franc.

## IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally by Drinking Quarts of Good Water

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates such which clog the kidney pores so that they clumsily filter or strain only part of the waste and poison from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of E. J. Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Bad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which everyone can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications. By so means have your physician examine your kidneys at least twice a year—adv.

## WORKING GIRL ELECTED LEGISLATOR NOW STARTS FIGHT FOR THOSE WHO ARE KEPT IN FEAR OF THEIR JOBS

WASHINGTON, Feb. 22.—Young

ronze-haired and vital, Mrs. Mae E. Nolan, California, newest woman member of the house of representatives, a republican, is impressing Washington with her strength and acumen. The factuality amount it times to almost brusqueness, and it is only when something happens to turn the trend of her thought to the cause of labor, so ably advocated by the husband she has succeeded in congress, that Mrs. Nolan becomes interested and vocal.

Mrs. Nolan has been a working girl. Before her marriage a little more than 10 years ago, she was a stenographer. The romance of the stenographer and the president of the Iron Molders' union progressed until Mrs. Nolan was elected to congress. When the president called an extra session of congress they were married and their honeymoon express carried them to Washington.

Wife Aids Husband In 10 years Mr. Nolan rose to heights that it takes most men 20 years in congress to achieve. At his death he was a member of the all powerful "steering" committee of the house and chairman of the committee on labor.

In the hearings held in the interests of various bits of labor legislation Mr. Nolan desired enacted into laws, the grave digger from Arlington National Cemetery told how he and his wife struggled to make ends meet on \$40 a month.

The middle-aged messenger who had been in the government service for 12 years told of his struggle to bring up a family on \$80 a month. A night watchman told how he took care of his baby girl in the day time while his wife worked and he got only snatches of sleep. Such things

Every Minute Counts in the fight against constipation!

Once let constipation get a grip on you, and your system is wide open to 90% of human ailments. Statistics show that to be the proportion of illness that has constipation for a starting point. Pains and catarrhs are as dangerous to the system as constipation!

Your physician will recommend Kellogg's Bran, because it is nature's own relief from constipation. It is scientifically prepared to relieve suffering humanity from constipation and it will do what no other food can do! It will give every sufferer permanent relief if it is eaten regularly—at least two tablespoonfuls daily; as much with each meal in chronic cases!

Kellogg's Bran is simply delicious made into muffins, popovers, bread, macarons, pancakes, etc. Recipes are on every package! For health's sake get some Kellogg's Bran immediately. All grocers.

First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant.

pressed Mrs. Nolan.

Low Salary Men Estimate "There are 35,000 of these people who would be affected by the minimum wage bill for federal employees," said Mrs. Nolan. "During the last session of congress it passed the house and failed to pass the senate. Shall try to have it reintroduced, have asked for a place on the labor committee and I expect to get it."

Many wonder why it is that in his day of high prices that 65,000 people will consent to work for the government at less than \$3 a day.

"This class of labor is immobile," as the explanation. "They are afraid to take chances with their jobs. If they lose one job and do not get another immediately they are likely to go hungry until they are. They are always on the border line of want, and the loss of a job may mean the loss of the next meal."

## 35 Camp Fire Girls Placed in 3 Groups

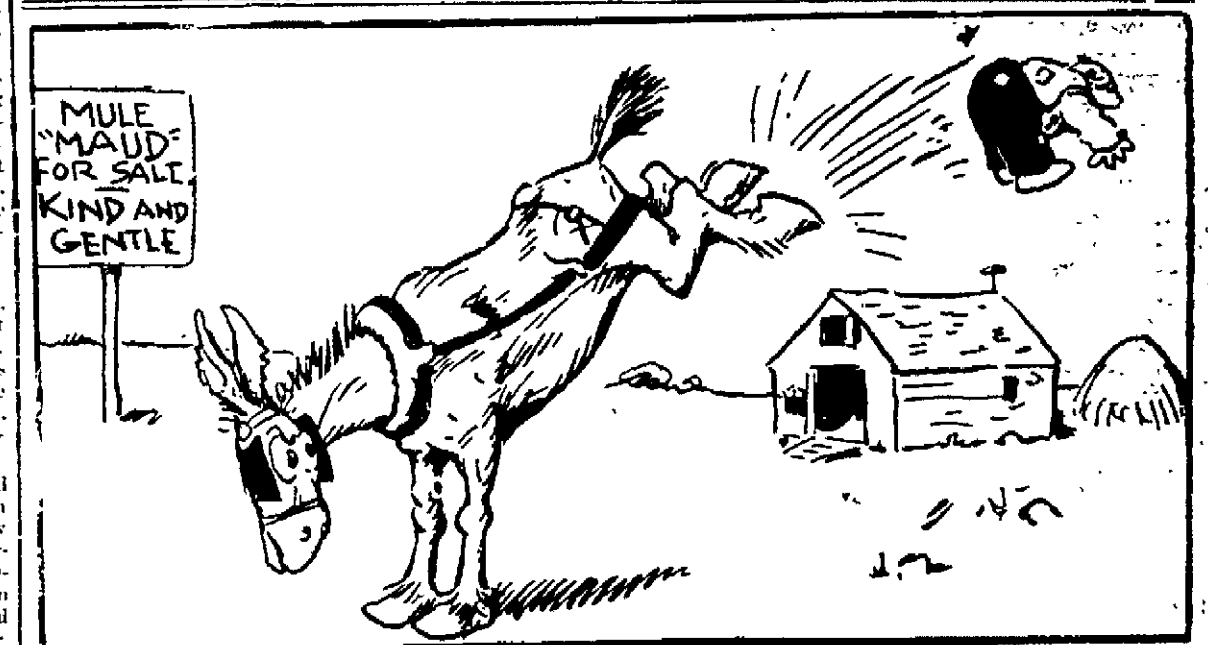

The Camp Fire Guardian Association at the meeting at the Wabash Camp Fire rooms Tuesday evening divided ninety-five new camp fire girls into groups, forming two groups at DeQueen school; six at the Franklin school; and three cases, girls at the High school.

Meetings are being held this afternoon at these schools with the guardians, which have been selected on the club and women's organizations of the city.

Cooling of the earth will reduce the temperature 18 degrees F. in 100,000,000 years, according to Tait, late Scottish physicist.

Modern hotels with roof garden, elevators and golf courses are common in Manchuria.

Annual consumption of coal in this country is about six tons for every man, woman and child.

## College Takes Scalp from Local K. C. Five

St. Mary's Club Vanquishes "Caseys" 37 to 16, in Fast Fashion; Shooting of Visitors Presents Uncanny Opposition For Locals.

ST. MARY'S COLLEGE five staged a come-back here last night, and took the Knights of Columbus shooting into camp 37 to 16. Jumping an early lead, the visiting contingent got off to a 14-8 count in the first period of the contest, and the "Caseys" were beaten before they realized it.

Buchholz, Kirwin and Green ran wild with the ball, and the much-derided long distance shooting ability of the trio came into play to the astonishment of those who witnessed the affair. Each of these boys were all but uncanny in their accuracy with the ball, and the basket seemed only a toss from them from any point they attempted to shoot.

THE visitors scored first, piling up a small lead that the "Caseys" seemed destined to overcome for a while, but as the locals would advance, the St. Mary's boys would jump away again for more long goals, and soon the score ran out of sight again.

The play was not the same fast number it had been on Tuesday night when the Texaco Stars, snappy contingent of the Texas Company, had faced St. Mary's representatives. It was slow at times, and dragged at other times, but despite this fact, the "Caseys" fought hard for a victory which never came.

THE play was featured by the shooting of the visiting players and by the lack of substitutions on the part of either club. The College did practically all the shooting, allowing one of their second-string men they had brought along to get a glimpse of the playing ability of the "Caseys."

Lauridge played possibly the best game for the "Caseys," throwing 10 of the total 16 points that were chalked up for the home boys.

**Lineup**  
"Caseys" (16) Pos. (37) St. Mary's  
Carroll 11 Green  
Lauridge 11 Buchholz  
Kent 11 Kirwin  
Dorpat 11 Columbus  
Moran 11 Geiser

**Scoring**  
"Caseys"—Lauridge 5, field goals; Kent 2, field goals; Dorpat 1, field goal.

ST. MARY'S—Green 6, field goals; Buchholz 5, field goals; 1 foul; Kirwin 5, field goals; Columbus 1, field goal; Spiller 1, field goal.

Personal fouls—On "Caseys" 1; on St. Mary's 2.

**Substitutions**  
"Caseys"—Spiller for Carroll; Buchholz for Spiller; Spiller for Buchholz.

Referee—Kuykendall (Good Gulf Club). Time—20:20.

### MAY ATTEND MEET

WICHITA FALLS, Feb. 22.—Wichita Falls basketball team, champions of the Wichita Falls district, have had new honors thrust upon them.

The brilliant record of the Coyotes has spread as far north as Chicago and Monday Coach Jones received an invitation from the University of Chicago to bring his team to Chicago to compete in the national high school basketball championship tournament to be held this spring.

This is the only national high school basketball meet in the country and will determine the national title. Only 32 teams from over the country receive invitations to participate, and so the honor to the Wichita Falls team is obvious.

Coach Jones is holding up his answer to the invitation until after the district contests of this week.

### CORSICANA SIGNS

WACO, Feb. 22.—The Texas association is now complete. Corsicana, the sixth city, has finally raised the necessary funds, paid its debt to the Houston team, made application, and has been enrolled as a member of the new baseball league of this section, which is now composed of the following cities: Waco, Austin, Marlin, Merida, Sherman and Corsicana.

Final arrangements for the annual tournament of Corsicana was completed Monday afternoon.

The league meets will meet at the Raleigh hotel Sunday morning at 10 o'clock to adopt a schedule for the season and the constitution and by-laws.

Details concerning the new circuit will also be thrashed out at this meeting, at which all of the cities in the league will be represented.

### BREAKS RECORD

NEW ORLEANS, Feb. 22.—Black Gold, fast 2-year-old colt owned by Mrs. R. M. Hoote and trained by H. Webb, broke the track record at Jefferson yesterday. He probably is the fastest juvenile ever to run the Jefferson course. He ran the three and a half furlongs in 46.15 seconds, clipping one and three-fifths seconds off the record made by John S. Reardon in 1920. Reardon shouldered 114 pounds in his performance. Black Gold carried 123 pounds.

### TO TRAIN EARLY

WICHITA FALLS, Texas, Feb. 22.—Coach Jones of Wichita Falls is beginning early to shape up his schedule for the Coyote eleven.

## AFTER WEEK OF BAD WEATHER, TEXAS COACHES PUSH ATHLETES THROUGH TRAINING FOR OPENING SEASON

AUSTIN, Texas, Feb. 22.—After a week of rainy weather which made outdoor practice uncertain and unsatisfactory, Coach W. J. "Bill" Hinch of the University of Texas baseball team and Coach Clyde Littlefield of the Varsity track team, are putting their respective spring sports candidates through some strenuous workouts this week.

Both the diamond and cinder path athletes are showing in fair form, but both squads have their weaknesses.

Coach Hinch's squad lacks pitchers of proven class and Coach Littlefield has as yet been unable to find stars at the field events to round out his team which already numbers many cinder path cracks.

The game played on the Y. M. C. A. court with Young officiating, had gotten well under way before the Port Arthur girls started their winning streak. The Electric scored three of their total 5 points before the Good Gulf Girls had found the basket—

but when they did turn loose, the score ran wild for them.

The Electric's contingent did all their scoring in the initial period; they were whitewashed in the last stanza of the game, and so perfect was the defense of Clark, Williams and Hebert, guards of the Good Gulf.

Next, the team's opposition was continually weakened until they had one through the net without scratching up an additional count.

Captain Hollifield sped with Margaret O'Neil for scoring honors last night, and when the smoke of the conflict had cleared away, the former added the lead by a lone point with 11 to her credit, while the sensational zephyr forward of the Guffers had clipped off 13 points.

The score played for the few minutes of play, and the issues were scored as far as the victory was concerned—the Port Arthur girls seemed to be just waiting for the final whistle to change their standing to "seven won, none lost."

Good Gulf (32) Pos. (5) Electric

The Red Raven will be piloted by Eddie Pullen, famous driver. The machine was completely buried in the floods of 1916 and was uncovered by floods last year. Pullen says it runs perfectly.

Entrants in the race agree to sell their cars for \$50 at the end of the grid.

The public, although accustomed to the tank-stick fight decision, was so indignant that the Argentine fighter had to be escorted to his dressing room between double lines of police.

The Panamanian was given an eviction.

PLAY HARD TIE  
PRINCETON, N. J., Feb. 22.—Just before the final whistle, Vandenberg, Princeton's right wing, slipped in the tying score for the Tigers against the red Montreal sextet 8 one 10 to 10.

One year ago Firpo came here with the meaningless title of heavyweight champion of South America. He wanted a fight and after many transactions he got one for \$150. Today he comes with a contract from Tex Rickard that calls for \$10,000 for one hour's work or less. Firpo has set his price on top of the world in just one year. He has money and now he has prospects. He is to meet Bill Brennan in Madison Square Garden next month and if he beats Brennan he will get a chance against Jack Dempsey for the world's title in Argentina.

If money is the ruling ambition of the Argentine giant he has it; if fame is his hope, he has all the prospects.

Jimmy de Forest who trained Jack Dempsey and taught his nearly everything he knows, was the only one who would take Firpo seriously when he arrived here. De Forest saw "some stuff" in him and worked with him in a cellar. His first fight got him \$150. He then boxed off several other set-ups and went back to Argentina rich in "pesos" and acclaimed the national hero. Jim Tracey, Australian heavyweight, was then shipped to South America and for the edification of his countrymen, Luis knocked Tracey off in four rounds. The bout brought \$150,000 of which Firpo got a big slice. Before the fight was staged, Firpo secured the permit from the city council and he later sold it to the promoter of the bout for \$25,000.

Firpo is a huge specimen. He stands almost as big as Jess Willard. He has huge, powerful shoulders and arms that reach almost below his knees. He seems to have courage and he has more than ordinary intelligence so that he learns quickly.

NEW YORK, Feb. 22.—Six hold-out members of the New York Giants' pitching staff were missing today when the advance guard of battersmen trained for March, Texas, preliminary to establishment of the regular teaming camp at San Antonio. Jess Barnes, Jack Scott and Art Nehf, twirling stars of the last world series, were the regulars who did not report as a result of the club's effort barring all unsigned players from training camps. Virgil Barnes, Bill Ryan and Jack Bentley, the \$25,000 star purchased from Baltimore, also remained behind.

## GULF GIRLS IN LEAD WITH WIN OVER ELECTRIX

Local Sextet Ousts Beaumont Club, 32 to 5

BY TAB

The Good Gulf Girls contingent, considered to be the strongest in Beaumont Women's League, ran away with another victory and kept their standing in the 1000 per cent column by defeating the Electric sextet 32 to 5, in one of the most lopsided games staged this season.

The game played on the Y. M. C. A. court with Young officiating, had gotten well under way before the Port Arthur girls started their winning streak. The Electric scored three of their total 5 points before the Good Gulf Girls had found the basket—

but when they did turn loose, the score ran wild for them.

The Electric's contingent did all their scoring in the initial period; they were whitewashed in the last stanza of the game, and so perfect was the defense of Clark, Williams and Hebert, guards of the Good Gulf.

Next, the team's opposition was continually weakened until they had one through the net without scratching up an additional count.

NEW YORK, Feb. 22.—Six hold-out members of the New York Giants' pitching staff were missing today when the advance guard of battersmen trained for March, Texas, preliminary to establishment of the regular teaming camp at San Antonio. Jess Barnes, Jack Scott and Art Nehf, twirling stars of the last world series, were the regulars who did not report as a result of the club's effort barring all unsigned players from training camps. Virgil Barnes, Bill Ryan and Jack Bentley, the \$25,000 star purchased from Baltimore, also remained behind.

## The Call of the Wild

**By Olive Roberts Burton**

Back to the Fairy Queen's palace with Nancy and Nick, their Green Shoes whizzing down through the air like little airplanes.

Very soon they arrived all out of breath, but looking fresh and rosy after their ride.

The Magical Mushroom met them at the gate and took them into the large room where the Fairy Queen sat on her throne.

"Here they are, Your Highness," said he, scraping a bow.

"Oh, I am so glad!" exclaimed the royal lady quickly. "Children, I want you to do something for me. There is a queer corner of my kingdom called Mix-Up Land. It's called that because everything's mixed up. And the reason for it is a long story."

"Mix-Up Land used to be called Apple-Pie Land because everything was as orderly as apple pie. The ruler was called King Even Steven because he liked everything as even and that was possible.

"But some time ago a jealous of him. It was a poor cobbler called Jack

Straw. One day Jack Straw was called to sole some shoes for Fennel, the Magician, and he did it so well that King Even Steven pleased he gave him a ring. "Take this, Jack," said he, "and whenever you put it on your left thumb, anything you dislike will change at once and be mixed up. It may make you powerful."

"Ha!" cried Jack Straw. "Thanks, Your Grace. I'll go home at once and make myself king for I'll wish everything in Apple-Pie Land to be changed. I'll call it Mix-Up Land. I'll be King Jack Straw."

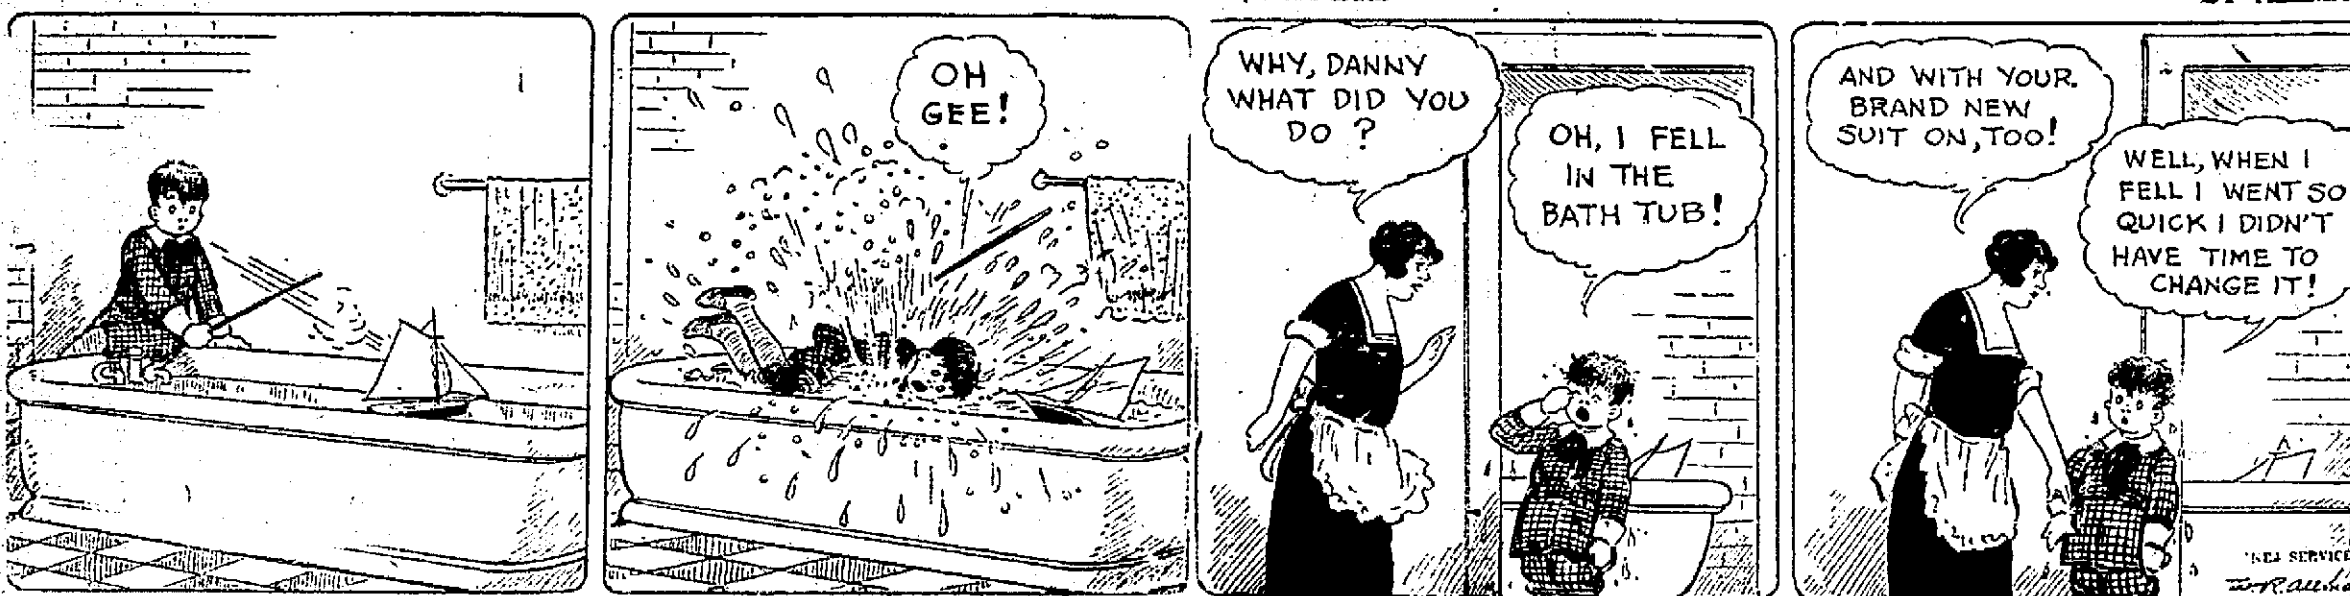

"And now," continued the Fairy Queen, "I want you Twins to go and get that ring off Jack Straw's left thumb. If you can't get it off, King Even Steven may have his throne again and the poor country be set to rights."

"The Magical Mushroom will show you the way."

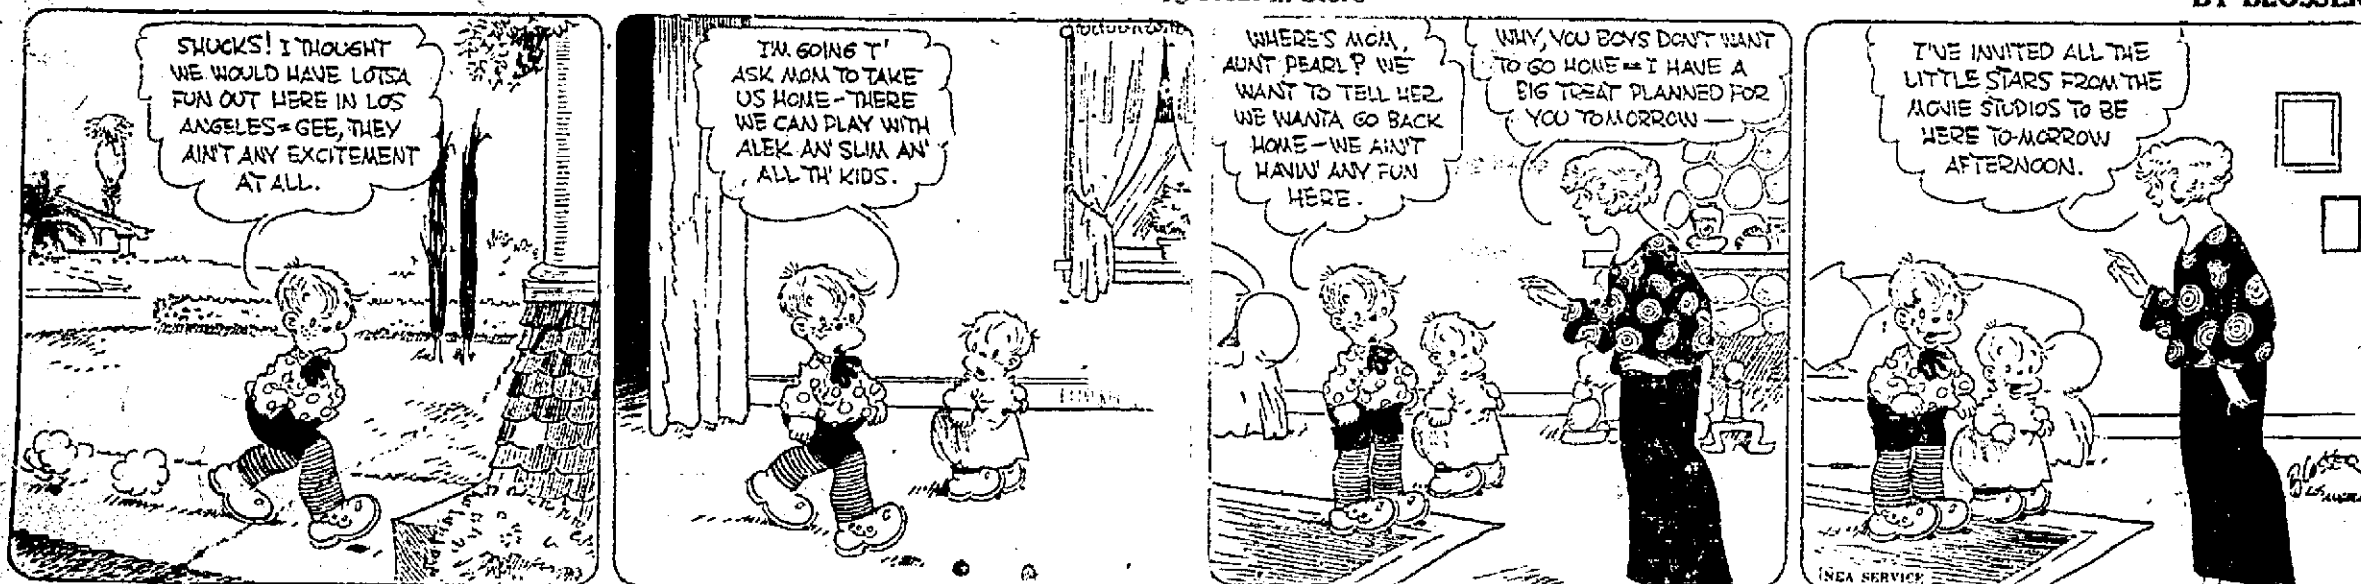

(To be continued.)
